

# International Day of Persons with Disability 2007

3<sup>rd</sup> December

## Theme: Decent Work for Persons with Disabilities

Of Vanuatu's population of 207,000, approximately 10% of them are persons with disabilities who are being excluded from fully participating in society due to:

-  Attitudinal barriers
-  Structural barriers
-  Administrative barriers

Let remove these barriers and work towards a society that is inclusive, barrier-free and rights-based for everyone!

Disability Promotion & Advocacy Association!

*Advocating for the Ratification of  
ILO Convention 159 by 2009!*
